

**Commission Regulation (EC) No 1985/2006****of 22 December 2006****laying down detailed rules for calculating aid granted by Member States to producer organisations in the fisheries and aquaculture sector**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2792/1999 of 17 December 1999 laying down the detailed rules and arrangements regarding Community structural assistance in the fisheries sector<sup>1</sup>, and in particular Article 15(4) thereof,

Whereas:

- (1) Commission Regulation (EC) No 908/2000 of 2 May 2000 laying down detailed rules for calculating aid granted by Member States to producer organisations in the fisheries and aquaculture sector<sup>2</sup> has been substantially amended<sup>3</sup>. In the interests of clarity and rationality the said Regulation should be codified.
- (2) Article 15(1) of Regulation (EC) No 2792/1999 lays down the general conditions for granting and financing aid from the Member States to producer organisations recognised under Article 5 and, where appropriate, specifically recognised under Article 12 of Council Regulation (EC) No 104/2000 of 17 December 1999 on the common organisation of the markets in fishery and aquaculture products<sup>4</sup>.
- (3) To ensure that such aids are granted and financed under identical conditions, detailed rules should be laid down for calculating the value of the production marketed by producer organisations and the administrative expenses of such organisations and such calculations should be done on the basis of supporting accounting documents. In view of the difficulty of obtaining such documents in some cases, however, a flat-rate method should be available by way of an alternative.
